Thank you for your patience as most of us registered (eventually) online for the first time. While I know many of you experienced difficulties and became frustrated, I think this will be a great asset to our registration process. I really want to thank Jeanette MacCallum for serving as our liaison with Proud Lion, the company that did the work for us.

As with any change to technology, we have experienced and are still experiencing some issues. The uploaded data is not merging with our current programming at the moment. We are working to correct this as quickly as possible. Because of this, I am not able to begin scheduling as soon as I had hoped. Please be patient; I will have it done as soon as possible.

Thank You,
